7. [ ] LIAISON Called Gwen Pritchard, in the office of Representative Ike Skelton (D., Mo.), concerning her request that we provide more readable copies of the documents we furnished to the Congressman on the attack on the USS Liberty. The documents were unreadable due to the fact that they were copies from old microfiche. I told her that we were typing out the text and would forward it to her since we could not make any better copies.

8. [ ] LEGISLATION Spoke with Keith Raffel, on the staff of the Senate Select Committee on Intelligence, who indicated an interest in getting together with somebody from DDA to discuss travel allowances in the context of charter legislation. I arranged a meeting for Thursday, 20 October, at 2:30 p.m., with [ ] DDA, and [ ] [ ] Office of Finance. The meeting will be here at Headquarters.

9. [ ] LEGISLATION Spoke with John Jennison, Minority Counsel, Senate Committee on Banking, Housing and Urban Affairs Subcommittee on Securities, regarding the status of corporate bribery legislation (Mr. Jennison had spoken with Stan Taylor, on the staff of the Senate Select Committee on Intelligence, yesterday on this matter). I told Mr. Jennison I appreciated his effort to make sure we were informed on this legislation and that I had checked on the House side and determined that the House probably would not consider the legislation before 25 October.

10. [ ] LEGISLATION Spoke with Bill Funk, on the staff of the House Permanent Select Committee on Intelligence, and asked him whether in his opinion it would be inappropriate to provide to the Committee if it so requested copies of legal papers exchanged between CIA and the Department of Justice relating to cover and falsification of documents. (I raised this with Mr. Funk since he had been over at Justice when these matters were discussed late last year and early this year.) Mr. Funk said in his view it was essentially up to us, as the Agency which requested and received Justice's legal opinion, to decide whether or not the documents should be made available to a congressional committee.

11. [ ] LIAISON Called Larry Russell, on the staff of the House Government Operations Committee, who apparently has responsibility for compiling agency responses to his Committee's request for information on compliance with OMB Circular A-76, to inform him our letter would be reaching him within the next few days. I told him that in essence our letter would indicate we did not compile information such as required by Circular A-76, but rather our procedures reflected guidelines worked out with OMB.
